FINALLY seeing front page with calls for nooses and guillotines. This is what NEEDS to happen and it NEEDS to be in public. (And chill leftie lurkers, they're for the corrupt "leaders" who have sold this nation away.) (media.patriots.win)

4 ▼ They won't give a shit about seeing guns, guillotines or gallows. It's been done before. It's cliché by now. You know what they WILL care about? Seeing them IN USE. You'll have their rapt attention then. I guarantee it. Fuck this shit about not hurting anyone, being peaceful. That won't work anymore, per decision of SCOTUS. You are there to do a job. Get it done. There's no more chances after this if you don't do it now. Guns, guillotines, gallows, by any means necessary. If you don't you might as well drop your guns and go the fuck home without them, you don't deserve to own them, you just used them for show - "Lookit me, a big bad gun owning patriot" in your own mind but afraid to pull the trigger unless it's a deer or a duck. Goddammit the United States of America is at stake here. The Constitution requires you to fight for her with violence and death and blood and all that horrible stuff that comes with war. Puke, cry, scream, shake, but above all FIGHT. I know I will. I might be old but I still know how to do it and who to do it to. God Bless every one of you.

3 ▼ What makes me very angry at the people that believe rights need to be based on some set of principles, ie. The Ben Shapiro types, is they never follow the logic to the end. The only first principle is that might makes right.

-9 ▼ No. This is not a lynch mob. Be ready to prevent violence.

9 ▼ Yeah, if only George Washington had stood down at Bunker Hill all those British soldiers would have lived on. You're right, violence solves nothing.  
(except it solves everything)

1 ▼ I really don't think he's going to order civilians to fight other civilians. I'm no historian by any means but how many battles in Civil War I waited for direct Presidential orders to engage?
